

Diffuser Specialist

AL Series: Straight Blade Aluminum Louver

General Description

Diffuser Specialist Louvers are engineered to be of the finest quality and offer a wide range of available sizes. The open grid design allows air to circulate freely, making this an ideal medium combining light control, air control, and aesthetics.

Applications

For use in Medical Facilities, Department Stores, Commercial and Municipal Buildings, Entries and Corridors, Perimeter Lighting, Elevators, Banks, Restrooms and Point of purchase displays.

Features and Benefits

- Aluminum Louvers are non-flammable
- Open grid material maybe acceptable for installation in applications governed by the most stringent fire codes
- Special finishes, colors and sizes available

Ordering Information

Please call 1.800.880.5483 for price and delivery. Specify dimensions when placing an order.

Notice

Diffuser Specialist assumes no responsibility for suitability of luminaires and applications. The use of lenses near and above 70°C temperatures with high UV output light sources will cause degradation of the material.
